

FREE VEGETABLE GARDENING HANDS-ON & IN CLASS SEMINAR

Rows are straight with wide aisles. Grow in soil or in containers.

Vertical growing to increase yields and reduce losses from pests and disease.

Gardens are clean & weed free. Increase yields of healthy produce 2-10 times.

Learn a Better, Simpler, Money Saving Way to Garden.

- Increase Yields From 6-10 Times and Get Higher Nutrition.
- Save Water. Water for Only 30-60 Seconds a Day.
- Garden in Any Soil Without Manure, Compost or Mulch.
- “Super Organic” Method using Natural Mineral Fertilizer.
- Grow Healthier, Pest Resistant Plants 365 Days a Year.

5 hours of unique training to give you a great garden in any soil.
2 ½ hours in the classroom & 2 ½ hours in the garden.
